- Wireless music control from your headset

Talk freely - handsfree and wireless

- Wireless call management

Wear it comfortably for hours!

- TailorMate headphone concept - choose your style

PHILIPS

sense and simplicity

Specifications

Connectivity

- Bluetooth profiles: A2DP, AVRCP, Handsfree, Headset
- Bluetooth version: 1.2
- Maximum range: up to 33 feet / 10 m
- Bluetooth QD ID: B012309

Convenience

- Call Management: Switch between call and music, Answer/End Call, Reject Call, Voice dial, Last number redial, Call Transfer
- Volume control

Power

- Battery Type: LI-Polymer
- Rechargeable
- Music playtime: 8 hr
- Standby time: Up to 210 hrs
- Talk time: Up to 10 hrs
- Battery weight: 6.5 g

Sound

- Magnet type: Neodymium
- Speaker diameter: 10 mm

Accessories

- Charger: International (100 - 240 V AC)

Dimensions

- Product dimensions (WxDxH): 22x18x54 mm (pendant)
- Product weight (g): 22 g (pendant)

Green Specifications

- Lead-free soldered product

Inner Carton

- Gross weight: 1.37 kg
- Inner carton (L x W x H): 19.6 x 13.2 x 24.9 cm
- Nett weight: 1.08 kg
- Tare weight: .29 kg

Outer Carton

- Gross weight: 6.06 kg
- Outer carton (L x W x H): 40.6 x 27.6 x 26.4 cm
- Nett weight: 4.32 kg
- Tare weight: 1.74 kg

Packaging dimensions

- Packaging dimensions (W x H x D): 12.4 x 21.8 x 6.2 cm
- Gross weight: .42 kg
- Nett weight: .36 kg
- Tare weight: .06 kg

Highlights

Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

Bluetooth® Stereo (A2DP)

This Philips device fully supports Bluetooth Stereo (A2DP). A2DP (Advanced Audio Distribution Profile) compliance enables this headset to receive stereo music from any Bluetooth device that is A2DP compliant. Therefore you can use this headset with any compatible mobile phone, PC, Bluetooth adapter, MP3 player etc. that supports A2DP.

Digital stereo sound quality

The audio signal is transferred wirelessly as a digital signal and is only converted to analog in the device itself. This means that interference noise has less influence on the sound quality than with analog technologies. The sound playback will be true to the original recording and sound source.

SwitchStream

With SwitchStream you will hear a ring tone in your Philips wireless headphones when you are receiving a call on your Bluetooth enabled phone. You can then pick up the call from your headset and return to your music after ending the call. Never miss a beat, never miss a call.

Wireless music control

Music control buttons on your headset allow you to wirelessly control music on your (AVRCP - Audio Video Remote Control Profile) compatible phone, MP3 player or PC. Skip forward to your favourite songs, or pause the music for a quick chat - all with the press of a button within your arms reach.

Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

TailorMate headphone concept

With TailorMate you can use the headset pendant with any 3.5mm jack headphone to match your style.
