Comfy adjustable headband

Specifications

Connectivity

- Bluetooth profiles: A2DP, AVRCP, handsfree, headset
- Bluetooth version: 2.0+EDR
- Audio line in: 3.5 mm
- Maximum range: up to 15 m

Sound

- Magnet type: Neodymium
- Speaker diameter: 40 mm
- Frequency range: 15 - 24 000 Hz

Convenience

- Call management: switch between call and music, answer/end Call, reject call, voice dial, last number redial, call transfer, microphone mute
- Volume control

Accessories

- Protective pouch: soft travel pouch
- Audio cable: 1.5 m
- Included: USB charging cable, quick start guide and CD

Power

- Battery Type: Li-polymer
- Rechargeable
- Battery weight: 10.6 g
- Music playtime: 17 hour(s)
- Standby time: up to 400 hour(s)
- Talk time: up to 18 hour(s)

Inner Carton

- Inner carton (L x W x H): 25 x 18.3 x 24.6 cm
- EAN: 87 12581 48434 7
- Number of consumer packagings: 3
- Gross weight: 1.55 kg
- Nett weight: 0.75 kg
- Tare weight: 0.8 kg

Outer Carton

- Outer carton (L x W x H): 51.6 x 37.7 x 26.3 cm
- EAN: 87 12581 48433 0
- Number of consumer packagings: 12
- Gross weight: 7.08 kg
- Nett weight: 3 kg
- Tare weight: 4.08 kg

Packaging dimensions

- Packaging dimensions (W x H x D): 17.6 x 27 x 8 cm
- EAN: 87 12581 48432 3
- Number of products included: 1
- Packaging type: Blister
- Gross weight: 0.46 kg
- Nett weight: 0.25 kg
- Tare weight: 0.21 kg

Product dimensions

- Weight: 0.155 kg
- Product dimensions (W x H x D): 14.9 x 17.8 x 7 cm

SHB9000/00

Highlights

Bluetooth HSP/HFP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

Bluetooth® Stereo (A2DP)

This Philips device fully supports Bluetooth Stereo (A2DP). A2DP (Advanced Audio Distribution Profile) compliance enables this headset to receive stereo music from any Bluetooth device that is A2DP compliant. Therefore you can use this headset with any compatible mobile phone, PC, Bluetooth adapter, MP3 player etc. that supports A2DP.

FullSound enhanced music

What is music without heart and soul? During the recording and compression of digital music details and dynamics of the live music get lost. FullSound is a smart algorithm, running on a powerful chip inside the headset. It improves the quality of your music and restores the music's original dynamics, stereo effects, bass and treble to reveal previously unheard detail without distortion. FullSound is enabled out of the box, and can be turned off and on.

Wireless call management

Manage your call without using your mobile phone. This includes call acceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

EverClear for clear calls

Phone calls are often led in noisy environments, leading to difficult to understand conversations. In this headset Everclear Technology digitally filters out noise, so a clear voice signal is received and sent out for crystal clear calls. It also recognizes if you enter loud environments and adapts the headsets volume accordingly.

Corded headphone option

Your Philips Bluetooth stereo headset sounds great - so why only use it with wireless Bluetooth devices? Plug the included 3.5mm line in cable into the headset on one end and your music players 3.5mm headphone jack on the other end and you have a great high performance headphone for your non-Bluetooth enabled music players!

SwitchStream

With SwitchStream you will hear a ring tone in your Philips wireless headphones when you are receiving a call on your Bluetooth enabled phone. You can then pick up the call from your headset and return to your music after ending the call. Never miss a a beat, never miss a call.
