

Philips  
Digital wireless  
headphones

SHD8600

## Wireless music

### Lightweight comfort

Freedom to enjoy TV and music around your home. Digital transmission delivers flawless reception and good sound reproduction. The pivoting ear shells and self-adjusting inner headband offers extra fit and comfort.

#### Superior listening experience

- Crystal-clear (2.4 GHz) digital transmission
- Acoustically tuned speakers for outstanding sound quality

#### Provides comfort for prolonged use

- Self adjusting inner headband ensures a comfortable fit
- Pivoting ear-shells ensure a comfortable fit

#### Ease of use

- Quick charge feature for speedy recharging
- Store your receiver on the convenient docking station

# PHILIPS

# Highlights

## 2.4 GHz digital transmission

The 2.4 GHz digital transmission prevents compression and data loss between the transmitter and the headphones. The digital signals are converted to analog signals at the end of the transmission process. The end-result is superb sound quality, with smooth acoustics and minimal data loss.

## Acoustically tuned speakers

Pure balanced sound is achieved by expert acoustic tuning for the speaker elements. In particular, the high tones and deep bass are reproduced with greater precision.

## Self adjusting inner headband

The inner headband makes it easy to obtain a perfect fit for your head. The mechanism adjusts automatically for comfort.

## Smart and quick charging

The smart and quick charge feature enables the battery to be fully recharged within a very short time span. The remaining power capacity present in the battery is determined by an internal circuit, so that the incoming voltage can be optimized for a quick

recharge while at the same time maximizing the battery lifespan.

## Docking station

The docking station provides convenient, tailor-made storage for your receiver when not in use, and on some models, it even takes care of battery charging.

## Pivoting ear-shells

A perfect fit between the ear-shells and your ears prevents sound leakage and enhances the listening experience. The ear-shells move up and down as well as left and right for a perfect fit and optimum comfort.

# Specifications

## Sound

- Acoustic system: closed
- Magnet type: Neodymium
- Frequency response: 20 - 20 000 Hz
- Signal/noise ratio: >86 dB
- Speaker diameter: 40 mm

## Tuner/Reception/Transmission

- Channel selection: automatic
- Effective range: 30 m
- Modulation: GFSK

## Convenience

- Automatic power off
- Base station features: LED indicator
- Low battery indicator
- Battery charging indicator
- Operating time: +/- 12 hours

## Accessories

- AC/DC Adaptor: 6V/ 550mA DC
- Battery charger: recharging docking station

## Power

- Power supply headphone: 2 x AAA rechargeable batteries
- Power supply transmitter: 6V/ 550mA DC

## Packaging dimensions

- Packaging dimensions (W x H x D): 21.5 x 31 x 13.5 cm
- Nett weight: 0.549 kg
- Gross weight: 0.912 kg
- Tare weight: 0.363 kg
- EAN: 87 12581 52650 4
- Number of products included: 1
- Packaging type: Carton

## Outer Carton

- Outer carton (L x W x H): 43 x 23 x 31 cm
- Nett weight: 1.647 kg
- Gross weight: 3.352 kg
- Tare weight: 1.705 kg
- EAN: 87 12581 52651 1
- Number of consumer packagings: 3

## Product dimensions

- Product dimensions (W x H x D): 17.98 x 21.72 x 8.35 cm
- Weight: 0.23 kg
