## Inner Carton

- Inner carton (L x W x H): 18.4 x 18 x 11.8 cm
- Gross weight: .491 kg
- Nett weight: .162 kg
- Tare weight: .329 kg

## Outer Carton

- Outer carton (L x W x H): 39 x 38.2 x 51.2 cm
- Gross weight: 9.156 kg
- Nett weight: 2.592 kg
- Tare weight: 6.564 kg

## Packaging dimensions

- Packaging dimensions (W x H x D): 10 x 17.6 x 2.7 cm
- Gross weight: .059 kg
- Nett weight: .027 kg
- Tare weight: .032 kg

# Highlights

## Neodymium magnets

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

## Twin vents

Specially designed vents that channel the air balance the high tones and bass for a more rounded listening experience.

## 15 mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.

## Comfort ear cushions

The special shape and luxurious materials used for the ear cushions of these Philips headphones ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

## Interchangeable caps

Choose one of the three interchangeable earpiece cap sets, each with different styling and colours, to suit your taste and mood.

## Flexi-Grip design

A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.

## Mic friendly headphones

The cable length of these headphones is designed to optimize sound pick up from the microphone of your headset connector. It also optimizes overall cable length of these headphones combined with a headset connector. Headset connectors allow the use of standard headphones (without a mic and with a standard 3.5mm headphones plug) with a mobile phone. They often come with mobile phones but can also be purchased separately. For most mobile phone brands Philips SHH1XXX headset connectors are available. It also optimizes overall cable length to the mobile phone.

## Split cable

This standard cable has a 3.5mm socket on one end and a 3.5mm plug on the other for extending your freedom of movement with headphones.

## Made for Nokia XpressMusic

This product has been designed for use with Nokia XpressMusic phones. Extensive testing with these phones make sure you will get the best out of your phone in combination with this Philips product.
