- **Inner carton (L x W x H):** 21 x 18.5 x 27 cm
- **Gross weight:** 1.03 kg
- **Net weight:** .3 kg
- **Tare weight:** 0.73 kg

Outer Box

- **Outer carton (L x W x H):** 39 x 22.5 x 29 cm
- **Gross weight:** 2.52 kg
- **Net weight:** 0.6 kg
- **Tare weight:** 1.92 kg

Packaging dimensions

- **Packaging dimensions (W x H x D):** 19.7 x 24.8 x 5.6 cm
- **Gross weight:** 0.25 kg
- **Net weight:** .1 kg
- **Tare weight:** .15 kg

Product highlights

40 mm speaker driver

The 40 mm speaker driver is made of a composite Mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Closed type design

Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality. This makes the headphones ideal for monitoring during live music or recording sessions.

Excellent sound quality

Acoustically-tuned design and high-quality drivers ensure best-in-class audio performance.

Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

24 k Gold-plated plug

You can rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Headband padding

The soft materials used for the headband cushion ensure comfortable prolonged use.

Comfortable ear cushions

The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Microphone-friendly headphone

The cable length of this headphone is designed to optimise sound picked up from the microphone of your hands-free connector. It also optimises overall cable length to the mobile phone.

Split cable

This standard cable has a 3.5 mm socket on one end and a 3.5 mm plug on the other for extending your freedom of movement with headphones.

Foldable for compactness

The headphone is designed to fold extremely small, so it fits in your pocket.

Made for Nokia XpressMusic

This product has been designed for use with Nokia XpressMusic phones. Extensive testing has been carried out with these phones to make sure you will get the best out of your phone in combination with this Philips product.
