SHN6000

PHILIPS

Use the headphones

Use of the headphones draws battery from your iPod, and iPod playtime is affected.

To save your iPod power, please switch off your headphones after use.

- 1 To have a better noise cancelling effect, select the most suitable caps for your ears.
- 2 Connect the iPod connector to your iPod (Fig. 1).
- 3 Adjust the slide switch to **NC ON** (Fig. 2) to enable noise canceling function.
 - ↳ LED light turns blue.
 - To disable noise canceling function, adjust the slide switch to **NC OFF**.
 - ↳ LED light turns green.
- 4 Use the control panel to control your iPod (Fig 3).

Skip to the previous/next track
Hold to scroll fast backward/forward

Adjust volume level

Play/Pause iPod
Hold to switch off the iPod

- 5 Clip the headphones on your bag (Fig. 4) or shirt (Fig. 5).
- 6 After use, adjust the slide switch to **OFF** to switch off the headphones.
 - ↳ LED light turns off.
