Highlights

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Bass Beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

Comfort ear cushions

The special shape and luxurious materials used for the ear cushions of these Philips headphones ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Pull Relief System

The Pull-Relief system reduces cable strain due to repeated bending and prolongs the life of the cable connection.

Reflective neckband

Special reflective material on the neckband helps keep you visible in the dark.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.

Textile covered cable

The attractive textile covering resists tangling, is very long-lasting and extends the product life.
