Blade-close, incredibly gentle with SkinIQ Technology

Experience an incredibly smooth and close shave - even on 7-day beards, with Philips S9000 Prestige. Equipped with SkinIQ technology the shaver senses and adapts to you for the shaving experience you always desired.

The closest electric shave

- Blades with extra strong, sharp edges for ultimate closeness
- Follow every contour, catching even difficult hairs

SkinIQ technology

- Ensures the perfect blade position for a precise cut
- Philips' most advanced motor for high-speed efficiency
- Rings coated with metallic pigments for superb gliding
- Adjusts to your beard for effortless shaving
- Three personal shaving modes for a personalised routine

Premium experience

- Convenient wireless charging
- Shave wet, dry and even under the shower
- Click-on multiple attachments
- Keeping everything organized and protected
- Simply use, open, then clean

Highlights

NanoTech Dual Precision blades

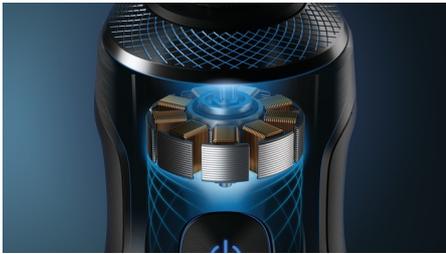

With up to 150.000 cutting actions per minute, the NanoTech Dual Precision blades deliver extremely close results at skin level. Hardened with nano particles, the 72 self-sharpening blades have extra strong and long lasting sharp edges for an ultimate closeness at all times.

High-control suspension system

Philips' high-precision suspension system ensures the perfect blade position, so that every cut is performed at maximum precision, avoiding pulling and discomfort.

Top-spin digital motor

Philips' most advanced digital motor has the highest turning power. This ensures maximum efficiency for a precise shave no matter the facial contour or hair density.

Superb SkinGlide coating

Get a shave that glides extremely smoothly over your skin, with the Superb SkinGlide coating. The rings with metallic pigments have an anti-friction coating for superb gliding.

Wireless Qi charging pad

Plugging in cords in wet areas is a thing of the past. Simply lay your cordless electric shaver on the Qi charging pad for a wireless charge.

Power Adapt sensor

The intelligent facial-hair sensor reads hair density 500 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

Personal Comfort settings

Adjust the speed of your shaver and personalise your shaving routine to your own skin and preferences.

360-D+ Flexing heads

Get an extremely close, smooth shave. 360-D+ Flexing heads follow every contour of your face, catching even difficult hairs.

Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.
