Highlights

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

VGA resolution

VGA (640 x 480) means around 300,000 pixels are used to create the total image. This VGA resolution ensures sharp images for use in documents, webpages and e-mails.

Pivot joint

Enjoy easy webcamming freedom with this handy pivot joint design. Just twist the camera 360° in any direction to film anywhere in your room without moving the webcam at all.

In-ear headset included

The headset fits conveniently in your ear and the microphone is located on the cord below your mouth for easy recording. Get echo-free video instantly with this handy headset with built-in mic.

Compatible with all services

The webcam and its software have been designed with all instant messaging services in mind. Add video to Skype, Windows Live Messenger, Yahoo! Messenger, AOL Instant Messenger and other services.

Installation manager

Install your webcam in seconds with the handy Installation Manager. Just follow the easy, step by step instructions and you'll have the webcam set up to match your computer perfectly.

Stable mount

The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

Snapshot button

With just one press of this button, your webcam takes a picture automatically. It's a fun way to share your pictures by adding them to e-mails, web pages or documents.

Compatible with all software

The webcam works with all available free and professional imaging software. Take a snapshot or a still picture from your video and open it with any image program.
