- Multimedia headset and head mic for best sound quality

Easy as 1-2-3

- Easy set-up and use
- Compatible with all instant messaging services
- Take, archive and manage images with VLounge
- Snapshot button lets you take great instant photos

PHILIPS

Highlights

1.3 Mega Pixels (interpolated)

Your webcam gives you 1.3 Mega Pixels (interpolated) for both video and photo resolution. So, you can use it to take high-quality photos that still look great when printed as larger-sized images.

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

3x digital zoom

Zoom in and out to get the perfect framing for any image. You control the zoom entirely via the onscreen interface while you're looking at the image so you can adjust it perfectly.

Automatic face tracking

The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the center of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.

Rotating body

Enjoy webcamming freedom with a clever rotating body that lets you aim the camera wherever you want. Just twist the camera 360° in any direction to film anywhere in your room without moving the webcam at all.

Skype Certified

This webcam has been certified by Skype. So, you can be sure of high-quality video and sound, free calling and instant messaging to anywhere in the world.

Noise reduction

This superb noise reduction technology reduces background noise and it enhances clarity of speech in both quiet and noisy environments.

Multimedia headset included

Included with your webcam is a Philips multimedia headset. The head mic ensures optimum sound quality and comfortable use.

Easy set-up and use

Setting-up and using your webcam is easy as 1-2-3. 1. Install software 2. Plug in camera 3. Video call instantly

Compatible with all services

The webcam and its software have been designed with all instant messaging services in mind. Add video to Skype, Windows Live Messenger, Yahoo! Messenger, AOL Instant Messenger and other services.

VLounge software

Software for capturing, managing and archiving snapshots and video clips in a very convenient way. With just a couple of mouse clicks you will be able to create and send Video mails. This software package gives you all you need to take full advantage of your Philips webcam.

Snapshot button

With just one press of this button, your webcam takes a picture automatically. It's a fun way to share your pictures by adding them to e-mails, web pages or documents.

Mounts securely

The multifunctional stand makes it easy for you to mount the webcam securely on top of any monitor, laptop or desk. This design is especially secure and won't move or fall when you're in the middle of a conversation.
