Boost your video-chat experience

With face-tracking and digital zoom

Take your video-chatting to the next level. This high resolution webcam with face-tracking and 5x digital zoom will make you feel like you're on TV. Its built-in digital microphone is complemented by a headset for echo-free chatting.

Perfectly user-friendly

- 5x digital zoom for superb close-ups
- Snapshot button lets you take great instant photos
- Create V-mails and control your webcam with VLounge Premium
- Compatible with MSN, Skype and other free messaging services
- VLounge QuickLaunch button for instant operation

Superb video chatting experience

- Built-in digital microphone for quality sound
- Add top-quality video and speech to calls
- Face tracking automatically follows your face
- Multimedia headset and head mic for best sound quality
- Rotating lens for perfect aiming and natural images

Enhanced image quality

- Smooth image with 30 frames per second video
- Super VGA resolution for high-quality images

PHILIPS
sense and simplicity

Highlights

5x digital zoom

Zoom in and out to get the perfect framing for any image. You control the zoom entirely via the onscreen interface while you're looking at the image so you can adjust it perfectly.

Built-in digital microphone

The built-in digital microphone allows you to talk naturally and freely or to add sound to a video clip recording.

Add top-quality video

The webcam has been designed to add video to your internet calls so you can see as well as hear your friends and family online. It works easily and instantly and is entirely future-proof!

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

Super VGA resolution

The webcam captures Video Graphics Array (VGA) quality (640x480) snapshots and flicker-free video clips for video mails. With VGA resolution, your webcam becomes a professional level camera. Add high quality photos to documents, webpages and e-mails in an instant, or print out photo-quality images.

VLounge Premium

Create and send V-mails in seconds. VLounge is sophisticated software for capturing, managing and archiving snapshots and video clips with just a couple of mouse clicks. You can also use it to operate face tracking and digital zoom for maximum control.

Precision glass lens

Sharp, crisp and clear. Precision glass lens guarantees you high image quality for all applications - from snapshot to video messaging. The finished lenses are coated with a special film to extend their working life and protect them from wear and tear and dust accumulation.

Compatible with MSN and Skype

The webcam and its software have been designed with all messaging systems in mind. Add video to Skype, MSN Messenger, Yahoo!, AOL Messenger and other free messaging services. It also works with Windows Messenger and NetMeeting for multi-person video-conferencing and is designed to be future-proof.

Automatic face tracking

The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the center of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.

Multimedia headset included

Included with your webcam is a Philips multimedia headset. The head mic ensures optimum sound quality and comfortable use.

Rotating lens

Rotating lens for perfect aiming and natural images. You can get the right camera angle quickly and easily without having to put things underneath it to change the tilt.

VLounge QuickLaunch button

To start up the VLounge application, simply press the QuickLaunch button
