

Philips
Surge protector

Home entertainment

6 outlets

SPP3207WA

Protect your home entertainment system

1260 joules

Designed to perform and protect, this surge protector features advanced technologies to keep equipment safe from electrical surges. Power Blocker® circuitry automatically shuts down power to your system to protect against subsequent surges.

Ideal for home entertainment systems

- Phone line protection
- 1-line splitter
- Coax line protection
- Power blocker

High performance design

- 6 child-safe outlets
- 43 dB EMI/RFI noise filtration
- V3 Advanced Surge Technology

Built-in convenience

- 6 ft power cord
- Right angle plug
- Protection indicator light
- \$150,000 connected equipment warranty

PHILIPS
sense and simplicity

Specifications

Packaging

- Quantity: 1
- Gross Weight: .73 kg
- Tare Weight: .098 kg
- Net Weight: .632 kg
- Length: 35.9 cm
- Width: 13.5 cm
- Height: 5.2 cm

Outer Carton

- EAN/UPC/GTIN: 10609585136660
- Quantity: 4
- Gross Weight: 2.93 kg
- Tare Weight: .4 kg
- Net Weight: 2.53 kg
- Length (cm): 22.2 cm
- Width (cm): 14.9 cm
- Height (cm): 37.1 cm

Highlights

Phone line protection

These connectors accommodate an RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

1-line splitter

These connectors route the telephone line through the surge protector and split the line to allow two devices to be connected. It offers the convenience of leaving two devices connected constantly even though they may not be used simultaneously

Coax line protection

Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

Power blocker

This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present

6 child-safe outlets

Safety slides provide a protective barrier that block the outlet so small objects cannot get in. Keeps children safer.

43 dB EMI/RFI noise filtration

Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data. The higher the dB rating the better the noise reduction.

V3 Advanced Surge Technology

This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer lasting surge protection.

6 ft power cord

Provides power to the unit which can be 6 feet from the AC outlet.

Right angle plug

This flat design allows for more positioning options and lets furniture sit more closely to the wall.

Protection indicator light

This LED alert lights up to indicate the surge protector is working properly.

\$150,000 equipment warranty

Protects your connected equipment for the life of the product.
