Saferide

Lumiring
dynamo driven

SRRDLRBLX1

Be seen earlier

Outstanding 320° visibility for maximum safety

Be seen earlier thanks to our award winning Lumiring technology. Our Saferide LED Rearlight dynamo driven offers: light distributed at wider angle, incoming light reflected at greater angle and side visibility.

Premium design

- Legally approved according to StZVO in Germany
- Unique Philips Lighting signature

Easy installation

- Fits standard mounting on 50 and 80 mm racks
- Suitable for all types of dynamos

No maintenance

- Long-Life LED technology
- Splashproof plastic housing: IP63

Ultimate visibility

- 320° side visibility
- 4 minutes stationary power function

PHILIPS

Saferide
Lumiring dynamo driven

Highlights

Splashproof plastic housing

As well as resisting knocks, the case is water resistant, and conforms to IP63.

Long-Life LED technology

The Philips long-life LED technology requires no maintenance and will provide you a very intense light for optimum vision and fatigue-free work.

Legally approved

Legally approved according to StZVO in Germany

320° side visibility

Standard: 180°

Lumiring: 320°

Be seen earlier thanks to the Lightring technology. Light is scattered through a glowing ring and diffused at a wide angle. Incoming light is reflected at a greater angle than a standard rear light. The 320° side visibility will ensure you have a safe ride.

Philips Lighting signature

Unique Philips Lighting signature

Fits standard mounting

Fits standard mounting on 50 and 80 mm racks

4 minutes stationary power

4 minutes stationary power function.

Suitable for all dynamos

Suitable for all types of dynamos.
