Product highlights

TV Remote

The TV remote is particularly easy to use with large buttons for channel selection and volume. It is simply the best replacement for your broken or lost TV remote control.

Pre-programmed for Philips

If you have Philips equipment, you can use your universal remote control without programming it because all keys are pre-set for Philips.

Splash and shock resistant

The tough housing can withstand splashes and spilled drinks, and is able to withstand a drop of at least one metre onto a hard floor.

Dedicated menu keys

Dedicated keys to move easily around your equipment's menus mean simple one finger operation without having to press shift or function shift keys

Low battery indication

To promptly be aware when the batteries need to be recharged or replaced.

Auto brand search

Getting your new remote control working is simply a case of having your remote automatically search for the most suitable code for your equipment.
