# Highlights

## V-track Precision PRO Blades

Get the perfect close shave. The V-Track Precision PRO Blades gently positions each hair in the best cutting position on a 3-day stubble, even flat laying and different length of hairs. Cuts 30% closer in less strokes leaving your skin in great condition.

## 72 self-sharpening blades

72 self-sharpening blades. 151000 cuts per minute. Zero hairs left standing - no matter in which direction they're growing.

## SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

## 5-direction Dynamic Flex Heads

Our shaver heads flex easily in 5 directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimized.

## Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet - with gel or foam - even under the shower.

## 60 minutes of cordless shaving

You'll have 60+ minutes of running time - that's about 20 shaves - on a one-hour charge. This shaver only operates in cordless mode.

## 1-hour charging time

Shave longer with every charge, thanks to our powerful energy-efficient, long-lasting lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

## Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.
