Highlights

Thousands of stations

Music. Spoken word. True crime. This Internet radio is your ticket to thousands of global stations broadcasting every conceivable kind of programme. The digital radio tuner delivers crystal-clear reception and you can set up to 20 presets for your favourite Internet, DAB+ or FM stations.

Sleek looks. Clear screen.

The matte-black wooden cabinet surrounds a large, high-gloss colour display and a black metal speaker grille. The display shows album art and song information from Spotify Connect and station logos when you use Internet radio or DAB.

Crisp sound and punchy bass

A 3" full-range speaker delivers clear sound. A bass-reflex port fills in the low tones, giving you rounded, powerful bass response. The wireless range is 10 m.

Easy streaming. Epic listening

Streaming from Spotify? This Bluetooth Internet radio boasts Spotify Connect. Use your mobile as a remote control while the radio streams Spotify's best-quality signal—directly from the Spotify servers. You can also stream from other music services via your mobile device.

Alarm clock and sleep timer

The Sleep Timer lets you drift into restful sleep with your favourite radio station playing in the background. The Dual Alarm function lets you set two different alarms. Perfect if you're likely to snooze through the first alarm. Or if your partner needs to wake before you.
