Highlights

Waterproof and ready to go

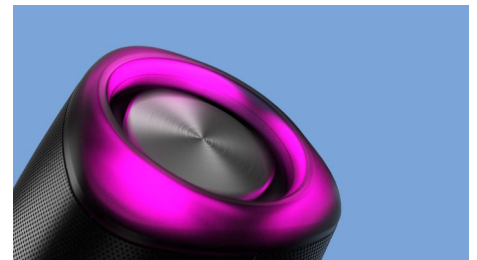

This portable Bluetooth speaker is IPX7-rated—which means it can withstand total immersion in water up to 1 m deep for up to 30 minutes. You can party in the shower, by the pool, or even in the pool! The wireless range is 20 m.

Party on with 12 hrs play time

Sound stays clear even when you play the music loud, and a passive radiator boosts the bass. You get 12 hours play time, and a full charge takes 6 hours. Want to make the party even bigger? Pair with an identical speaker for stereo sound.

Blaze to the beat. LED lights

When the party's pumping, so is the lightshow. LED lights at each end of the speaker flash to the tunes.

Audio-in for easy connection

Want to connect to an external audio source like a turntable or MP3 player? The audio-in socket at the back of the speaker lets you connect to almost any electronic device.

Easy to pair

Connecting to your Bluetooth device is simple. One short press on the Bluetooth button and the speaker is ready to pair.
