- Packaging dimensions (WxDxH): 40.8 x 18.6 x 23.4 cm

Highlights

Original radio

This Bluetooth radio pays homage to the iconic Philips Philetta 254 tabletop radio. The vintage wooden cabinet oozes charm. The 1950s detailing on the twin control knobs and speaker grille takes you back to the era when jazz and rock and roll ruled the airwaves.

Sharp digits. Night and day.

The large, clear digital clock display is dimmable, so it's easy to find the perfect level for your room. When the sun goes down, press the menu knob to access and change the intensity of the illumination.

Tuned for today

This retro radio features a digital FM tuner for radio—and a Bluetooth connection for streaming from your mobile device. The digital radio tuner delivers crystal-clear reception. You can set up to 20 FM presets and 20 DAB presets for your favourite stations.

Crisp sound and punchy bass

Two 3" full-range speakers deliver clear sound. A bass-reflex port fills in the low tones, giving you rounded, powerful bass response. The copper-toned mesh grille lets the sound flow.

Easy pairing. Easy listening.

A short press of the power button gets this radio ready to pair. The wireless range is 10 m: perfect if your device is in another room. Two retro-styled knobs with dual layers offer control of volume, source, DAB+/FM stations, and more.
