# Highlights

## Battery light

The battery light goes on to show when the battery is low, charging or full.

## Built to last

All of our shavers come with a 2-year worldwide guarantee and can adapt to any voltage. The long-lasting blades only need to be replaced after 2 years. You should replace the brush every 3 months for optimal results.

## Click-on/click-off attachments

Just click the attachment you need onto the handle to turn it into a shaver or facial cleansing brush. Click it off again when you've finished. For a smooth face, choose the shaver. For perfect stubble, reach for the trimmer. Want a clean face? Time for the cleaning brush. One tool, any look.

## Quick 1-hour charge

The powerful battery lasts up to 40 minutes after a 1-hour charge. A 5-minute charge gives you several minutes of running time, so you can quickly finish off.

## Smooth face

Shave wet with shaving cream for extra skin protection, or dry for convenience.

## Smooth face

The dual rotary razor attachment is designed for an easy and clean shave with no nicks and cuts.

## Long lasting oil control

Simply click-on the brush and use it with your daily cleansing product. The rotating brush is as gentle as your hands but gives longer lasting oil control effectiveness than manual wash.

## Keep optimal performance

A silky soft bristle as gentle as your hand, it is recommended to replace the brush head every 3-6 months for the best results.

## SmartClick

The SmartClick attachment system makes it easy to turn your Click&Style into a shaver, beard trimmer or bodygroom. Just click the attachment you need onto the handle to complete your style.

## Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO<sub>2</sub> emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
